HOPE Remembers

The Alumni Association expresses its condolences to the families and friends of Elizabeth A. Hudspeth, RN, medical surgical nurse, Peru; Craig B. Lessman, MD, general surgeon in Peru and Guiana; Dr. Van Kirk Nelson, Obstetrics and Gynecology in Cameron County, Texas; George T. Fraley, DDS in Natal, Brazil; Gerald L. Harry, neurosurgeon in Nicaragua and Maceio, Brazil; Dr. Richard Satran, neurosurgeon in Natal, Brazil.

Walsh Fellow Named to Expand HOPE’s Work in Southeast Asia

Ahamikant Palo, Ph.D., has been named a Walsh fellow. This is wonderful news! And it shows just how much impact HOPE alumni are having around the world.

As a Walsh Fellow, Dr. Palo will be based in India and direct current programs, as well as coordinate fundraising and new program and partnership development. Dr. Palo has diverse experience as a program leader and manager. He has also served as a technical advisor of public health, maternal and newborn health, nutrition and food security programs across a range of international organizations such as Save the Children, USAID, PATH India and IntraHealth International.

Walsh Fellow, Judith Moreno. You can see a report prepared by Judith on the health care of factory workers in Cambodia at projecthope.org/healthworkreport.

Dr. Palo takes his place besides another recent Walsh Fellow, Judith Moreno. You can see a report prepared by Judith on the health care of factory workers in Cambodia at projecthope.org/healthworkreport.

Mark Your Calendar!

2016 Alumni Reunion
October 7-8
Washington, D.C.

Study and work into poverty zones around the world. Become a Project HOPE team member today to deliver medical care into poverty zones around the world. Join all of us in congratulating Dr. Palo for being named a Walsh Fellow. He’ll be doing great work in Southeast Asia.

HOPE News

Get Involved to Make HOPE Happen!

It’s this simple: When you join HOPE, you run, walk, ride or swim, and help deliver medical care into poverty zones around the world. Become a Project HOPE team member today to make HOPE happen for vulnerable boys and girls, men and women ... one step at a time. To take part, visit hopeteam.org today!

Nepal Earthquake: Project HOPE at Work

The rubble from crumbled buildings, the despairing faces of people living under tarps, the potential disease outbreaks that could kill thousands more. In the midst of utter devastation, Project HOPE is saving lives.

So far, we have:

• Rushed over $7 million of medicine and medical supplies, including antibiotics — vital for subduing disease outbreaks. 50,661 patients benefitted.
• Placed an expert on the ground to ensure that the medicine and medical supplies we sent are properly managed.
• Deployed a Project HOPE task force of disaster relief experts.
• Sent Project HOPE doctors and nurses to ground zero to care for 1,522 patients. Volunteers have contributed 2,256 total hours of service.

This is a comprehensive five-part response, but more needs to be done to prevent disease outbreaks, treat the medicine and medical supplies we sent are properly managed.

Click along the dotted line, and return with your gift of support.

Yes I’m thrilled to be part of the Alumni Association and to support this wonderful group.

Here’s my gift of $____ for:

[ ] The Alumni Fund, supporting alumni activities.
[ ] The Les Olive Harrison Fund, supporting basic nursing skills education.
[ ] The Bill Koosman Fund, supporting volunteer travel.

Please make my tax-deductible check payable to Project HOPE, and send it along with this form, in the envelope provided.

Support Your Alumni Association

• Send a tax-deductible check payable to Project HOPE, and send it along with this form, in the envelope provided.
• Contact your HOPE office to find out how you can support this wonderful group.

Sarah Satvan, neurosurgeon in Natal, Brazil.

Get involved to make HOPE happen! Join us in wishing Dr. Palo all the best in his exciting new venture. Your generosity multiplied. Always.
More News from the Alumni Association Board Meeting

In addition to Dr. Pak’s Waldo Fellowship, the board meeting of the Alumni Association in April 2015 was the scene for some important announcements.

Funding from Bill Kooiman Fund

More than 31 volunteers on two 2015 Navy missions will receive funding of $10,000 from the Bill Kooiman Volunteer Travel Fund. This was approved at the April 2015 meeting of the Alumni Association board.

Project HOPE History Project Moves Forward

At the alumni board meeting, Association Vice President Debbie Reister and Bill Walsh, Jr., presented the almost completed document on HOPE’s Health Care Management Program in Central and Eastern Europe, which has included collaboration with program participants and HOPE alumni, Professor Arnold Kalusy and William Powerskall, Ph.D.

In addition, Nancy Savage and Dorothy Aschliman reported on the “History of HOPE’s Health Care Management Program in China.” This presentation was given at the International Council of Nursing meeting in Seoul, Korea, on June 22.

2014 HOPE Volunteers of the Year

The Association’s board meeting was scheduled to coincide with the National Recognition of Volunteers. Awards were presented to Corporate Fellow, Fabian Imrich (representing the Medtronic team), Can-Tu Tran, M.D. (Shenzen), Janet Kinney, M.D. (Silver) and Grace Devaney, RN, MPH (Gold). Ramee-oop Eva Chang, Sharon Redding, RN, EdD, CNE and Linda Rice, RN, MSN, were given mention.

Dedication of the

Dr. Eldon E. Ellis Tree

A beautiful dogwood was dedicated during the association board meeting on the grounds of Carter Hall in memory of Dr. Eldon E. Ellis for his dedication to HOPE as a thoracic surgeon on SS HOPE in Maceio (1974). “I liked the idea that our work was not a temporary fix, but rather to establish a medical community that would remain after the SS HOPE departed,” she said. “That the hospital in Maceio is now a thriving, well-respected medical center. HOPE for me was a life-changing experience.” Following this experience, “I decided I would make a habit of being a volunteer surgeon where needed in the world. Several times, our entire family would be involved, and everyone, including the children, had a job to do.”

Alumni Association Board Members

Alumni Association board members assembled in Millwood, VA, for the meeting held in April. The Association board is here for you.

Alumni Remembrances

This is where HOPE Alumni share their thoughts and feelings about this organization that we love. Take a moment now for fellowship with other HOPES.

Bill Layden transitioned from Grace Lines to HOPE in 1971. He retired as budget director after 28 years in HOPE’s finance division. “The people of HOPE were always great to work with, whether stationed at headquarters or overseas, and it was fun to be able to assist in helping them. To be a HOPE is truly meaningful and rewarding to me and my family.” Bill Layden is currently the chair of the finance board of directors.

Jack Kelley, M.D., was chef of surgery for two months on the SS HOPE in Maceio (1974). “I liked the idea that our work was not a temporary fix, but rather to establish a medical community that would remain after the SS HOPE departed. “That the hospital in Maceio is now a thriving, well-respected medical center. HOPE for me was a life-changing experience.” Following this experience, “I decided I would make a habit of being a volunteer surgeon where needed in the world. Several times, our entire family would be involved, and everyone, including the children, had a job to do.”

Esther with Rajah, a boy in Ceylon who was born without ears. It’s 1968. Caring for him touched her so much that she remembers Rajah to this day.

Esther Pierce Kooiman, RN

Immediate Past President of the HOPE Alumni Association. Esther’s first of many experiences with HOPE was as a pediatric nurse on the SS HOPE in Ceylon in 1968. “It was a year that changed my life more than I ever could have expected,” she says. “It had a great impact on my professional life, as I was assigned a counterpart Ceylones nurse who worked the same schedule as me, so that we could learn from one another over the entire 10 months.” Between voyages, Esther married Bill Kooiman, the ship’s Chief Purser, and later adopted a newborn infant, Jenness Anne, when the ship was in Maceio, Brazil.

One of Esther’s fondest HOPE memories from her time in Ceylon: She was caring for a boy named Rajah who was born without ears or ear canals. “The attached photo is of Rajah and me the evening following surgery to open the ear canals. While playing with a jack-in-the-box, I noticed he startled and then smiled. I realized that he had heard the music of the jack-in-the-box while he was cracking the handle.”

Esther’s husband, Bill, returned to Ceylon on business in 1979. While walking out of the port area, a taxi driver ran up to him yelling, “HOPE ship, HOPE ship.”

“Three are many memories of our wonderful experiences,” Esther says.

Discover the More Convenient, More Effective Way to Give

HOPE Lifers is our caring group of supporters who commit to giving each month. As a HOPE Lifer, your gift does 105 times more, because every $1 you give helps to send $105 worth of donated medical supplies into the world’s poverty zones. For example, if you pledge $15 a month, that gets multiplied 105 times, sending $1,575 worth of help each month. And over 12 months, that adds up to an amazing $18,900. Being a HOPE Lifer is easy and affordable, and the impact you have is huge.

To find out more, check the box on the reply form, call Donor Relations at 844-349-0188, or visit projecthope.org/hopelifers.

Leave Your Legacy of Compassion

When you leave a gift to Project HOPE through your will or trust, you help us plan for the future. A gift made through your will leaves a legacy that honors your deeply held values and inspires others to do their part. Best of all, leaving a gift to Project HOPE does not affect your current cash flow or assets, and is simple to revise. Should your circumstances change, you can change your gift.

For more information, please visit our website at projecthope.myplannedgift.org or contact our Planned Giving Office at 800-544-4673, ext. 472, or by email at dhopper@projecthope.org.

 Walsh Fellow Named to Expand HOPE’s Work in Southeast Asia

Laurienko Palo, Ph.D., has been named a Walsh fellow. This is wonderful news! And it shows just how much impact HOPE alumni are having around the world.

The Alumni Association board approved Dr. Palo’s fellowship in its April 2015 board meeting and disbursed funds from the Association’s William B. Walsh, M.D. Endowment to help underwrite the salary for the new position of Regional Director for Southeast Asia — the position Dr. Palo will hold.

As a Walsh Fellow, Dr. Palo will be based in India and direct current programs, as well as coordinate fundraising and new program and partnership development. Dr. Palo has diverse experience as a program leader and manager. He has also served as a technical advisor of public health, maternal and newborn health, nutrition and food security programs across a range of international organizations such as Save the Children, USAID, PATH India and IntraHealth International.

Join us in wishing Dr. Palo all the best in his exciting new venture. #HOPIESUnite
