PHN ORGANIZATIONAL OVERVIEW:

Project HOPE Namibia is a health non-profit organization dedicated to providing long-lasting solutions to health problems and improving the quality of life in Namibia and beyond most vulnerable people, especially women and children. Project Hope Namibia has a broad range of health projects focusing on HIV/AIDS, tuberculosis (TB), reproductive maternal new-born and child health, and non-communicable diseases. Our work has involved strengthening health systems through established functional health management information systems and strengthening the health work force to improve quality and delivery of care. Project Hope Namibia has also been involved with providing aid setting up COVID-19 Vaccination Centres (CVCs) and mobile outreach teams, conduct training, and recruit vaccinators and support staff to contribute towards vaccinating the population with safe and effective COVID-19 vaccines.

PROJECT BACKGROUND:

Saving Lives and Livelihoods (SLL) is an Africa-wide partnership between MasterCard Foundation, the Africa CDC, all African Union (AU) Member States and several Africa-based implementing partners, including Project HOPE Namibia (PHN). SLL aims to increase African Union (AU) Member States’ COVID-19 vaccination capacity by helping to establish new or bolster existing COVID-19 Vaccination Centres (CVCs) in African countries, thereby achieving 60% vaccination coverage among...
eligible populations. Project HOPE Namibia (PHN)'s North Africa Saving Lives and Livelihoods (NASLL) project component supports the provision of training, additional health workers and supplies to operate fixed CVCs and mobile outreach vaccination teams. PHN and its partners will work with Ministry of Health in the respective countries and existing CVC managers to create surge staffing plans for each CVC and mobile outreach team, train health worker cadres of and in the process, boost national EPI (Expanded Program of Immunization)'s capabilities to administer vaccines while ensuring adequate data collection, monitoring, tracking, information systems (including electronic health information systems) as well as the necessary tools for data collection, analysis and reporting are in place. NASLL's 3-year project agreement was signed 1st October 2022 and provides funding of approximately USD 17.9 million over the life of the project.

ASSIGNMENT SUMMARY:

To ensure PHN's NASLL project can quickly commence strengthening capacity of vaccination programs in the target populations across North Africa, and PHN has commenced its official registration process as a Foreign NGO in 5 Northern Africa Countries: Morocco, Mauritania, Tunisia, Libya, and Algeria. While that process is being pursued to attain full registration, PHN requires the services of an accredited Recruitment Agency to recruit selected staff, deploy them in the 5 Northern Africa Countries and perform all their payroll functions. Once PHN is officially registered, these recruited staff will be transitioned to PHN's official payroll. This SOW will represent an integral part of a tender soliciting competitive bids from 5 Northern Africa countries Recruitment Agencies recommended to PHN. PHN's Procurement Committee will approve the winning bid, after which PHN will sign a contract with the selected Recruitment Agency in each country or as appropriate.

SPECIFIC ROLE RESPONSIBILITIES:

Under the contract to be signed between the 5 Northern Africa Countries: Morocco, Mauritania, Tunisia, Libya, and Algeria Recruitment Agencies and PHN, the Recruitment Agencies will be expected to deliver the following services:
